Our final top tips

1. **Plan** – before you attend the event make sure you have researched who you want to meet (full exhibitor list on website) and have questions ready
2. **Don't be shy** – all the exhibitors are there for you want to talk to you about the options available after you leave school
3. **Interact** – exhibitors may have ways you can explore what they do on their stand, have a go and help determine your future
4. **Don't** – just collect bags, brochures and leave them forgotten in your room. Share the information with your parents and peers as they can help you get to where you want to be

Anything else?

- Bring a notebook, pen and CV if you have one
- Take part in the free workshops and listen to the talks on offer
- There will be lots of groups at the event and it can get very busy – so listen to the instructions given to you by your group leader
- Make sure you know where and when you need to be when leaving the event

See you at the show!
