Equality Policy

Introduction

This Equality Policy includes all the protected characteristics covered under the **Equality Act 2010** as well as other aspects which have the potential to discriminate against or to devalue any individuals within our school community. We are further committed to the development of cohesive communities both within our school's physical boundaries and within our local, national and global environments. Our school embraces the aim of working together with others to improve children's educational and wellbeing outcomes, and notes the rights set out in the UN Convention on the Rights of the Child.

Our Equality Policy is inclusive of our whole school community – pupils/students, staff, parents/carers, visitors and partner agencies.

The purpose of this Policy is to set out how our practice and policies have due regard to the need to:

- eliminate discrimination, harassment and victimisation
- advance equality of opportunity, and
- foster good relations between groups.

Overall aims of our Equality Policy

- To eliminate discrimination, harassment and victimisation.
- To promote equality of access and opportunity within our school and within our wider community.
- To promote positive attitudes to difference and good relationships between people with different backgrounds, genders, sexual orientation, cultures, faiths, abilities and ethnic origins.

To ensure that equality and inclusive practice are embedded across all aspects of school life the Equality Policy refers to the UN Convention on the Rights of the Child, which includes recognition of a range of educational, wellbeing, and material outcomes¹.

Issues relating to adults within the school community can be embraced under these themes and reflected in the action plan.

Our approach

We seek to embed equality of access, opportunity and outcome for all members of our school community, within all aspects of school life.

We actively seek out opportunities to embrace the following key concepts:

- Shared Humanity. Identifying commonality and shared values, aspirations and needs underpins our approach to equality. We value our fundamental similarities and universality
- Valuing difference and diversity. We appreciate the richness within our differences and look for ways of celebrating and understanding them better
- Interdependence, interaction and influence. We recognise that, as they evolve, distinct cultures, beliefs and lifestyles will impact on and inform each other
- Social cohesion within our school and within our local community
- Excellence. We aim to inspire and recognise high personal and collective achievement throughout our community, the UK and the wider world. Excellence is to be found everywhere
- Personal and cultural identity. We will provide opportunities to explore and value the complexity of our personal and cultural identities
- Fairness and social justice. We will develop our understanding of the inequality that exists in society and explore ways of individually and collectively promoting a more equitable society

Our vision statement about Equality

Al-Ashraf Secondary School for Girls seeks to foster warm, welcoming and respectful environments, which allow us to question and challenge discrimination and inequality, resolve conflicts peacefully and work and learn free from harassment and violence.

We recognise that there are similarities and differences between individuals and groups but we will strive to ensure that our differences do not become barriers to participation, access and learning and to create inclusive processes and practices, where the varying needs of individuals and groups are identified and met. We therefore cannot achieve equality for all by treating everyone the same.

We will build on our similarities and seek enrichment from our differences and so promote understanding and learning between and towards others to create cohesive communities.

Our duties

We recognise and accept our equality duties as set out in the Equality Act 2010 and have sought to involve the whole school community in the process in order to ensure better outcomes for all². We have due regard to the need to ensure that persons with a protected characteristic are not disproportionately, negatively impacted as a result of our decision or policy making. We positively foster good relations between different groups of pupils and the wider school community.

² See *Appendix A* for further information about legislation

We will consider whether to provide auxiliary aids that are directly related to disabled pupil's educational needs as a reasonable adjustment, particularly where the pupil is not provided for under an SEN statement, or where the statement does not provide the auxiliary aid or service.

We are also guided by the United Nations Convention on the Rights of the Child³.

We will ensure we identify opportunities for promoting our vision, the key concepts and our duties on equality legislation across all aspects of school life, including the provision of extended services.

These opportunities are likely to include all or some of the following, dependent on our current priorities.

- the engagement, participation and involvement of a broad and diverse range of pupils, their parents and partner agencies
- preparation for entry to the school
- school policies
- breaks and lunchtimes
- interaction with peers
- opportunities for assessment and accreditation
- exam arrangements
- behaviour management approach and sanctions
- exclusion procedures
- school clubs, activities and school trips
- the school's arrangements for working with other agencies
- preparation of pupils for the next phase of education
- learning and teaching and the planned curriculum
- classroom organisation
- timetabling
- homework
- access to school facilities
- school sports
- employees' and staff welfare

- monitor the policy and report to the Governing Body at least annually on the effectiveness of the policy and publish this information
- ensure that the Senior Leadership team is kept up to date with any development affecting the policy or actions arising from it

³ <http://www.unicef.org.uk/Education/Rights-Respecting-Schools-Award/Childrens-rights/>

Our governing body will:

- ensure that the objectives arising from the policy are part of the School Improvement Plan (SIP)
- support the headteacher in implementing any actions necessary
- engage with parents and partner agencies about the policy
- evaluate and review the policy annually and the objectives every 4 years.

Our Senior Leadership Team will:

- have responsibility for supporting other staff in implementing this Policy
- provide a lead in the dissemination of information relating to the Policy
- with the Headteacher, provide advice/support in dealing with any incidents/issues
- assist in implementing reviews of this policy as detailed in the SIP.

Our Staff

We comply fully with legislation which protects our staff (including teachers, teaching assistants, supervisors and student teachers) from discrimination based on the protected characteristics. With regard to disability, we make such reasonable adjustments as are necessary to prevent a disabled person being at a substantial disadvantage in comparison with people who are not disabled.

This includes discrimination in relation to recruitment, terms and conditions, promotions, transfers, dismissals, training and employment practices (such as dress codes) and disciplinary procedures. We make efforts to ensure that the diversity of our workforce reflects that of our local community and wider society. In accordance with the Equality Act we do not enquire about the health of an applicant until a job offer has been made⁴ or require job applicants to complete a generic 'all encompassing' health questionnaire as part of the application procedure.

We will ensure the safety and well-being of our staff and take seriously and act on incidents of harassment and discrimination recognising that our staff may be either victims or perpetrators.

⁴ Unless the questions are specifically related to an intrinsic function of the work - for example ensuring that applicants for a PE teaching post have the physical capability to carry out the duties.

Responding to hate or prejudice-based incidents and bullying

We recognise that hate incidents or prejudice –based bullying behaviour is driven by negative assumptions, stereotypes or misinformation. These are then directed against an individual or group, based on difference (real or perceived), and linked to, for example, racism, homophobia, negative views of disabled people or sexism. We will take action to prevent, challenge and eliminate any such behaviour.

We recognise that we as individuals and society often struggle with difference of any kind (perceived or actual), which can result in seizing upon the most visible sign of difference e.g. skin colour or disability.

Through our school ethos and curriculum, we want our pupils to understand better the diversity that exists in society. We want to provide opportunities for them to explore the subtleties and complexities in order to prevent and respond to incidents and situations. We will address the experience, understanding and needs of the victim, the perpetrator, bystanders and the wider school community through our actions and responses.

We will record all hate incidents and prejudice based bullying. We will use this information to identify trends and patterns, so that we have approaches in place to provide appropriate responses in terms of support for victims and their families, sanctions and support for perpetrators and their families and education for our pupils.

Implementation, monitoring and reviewing

This policy was published on 5th September 2015. It will be actively promoted and disseminated via our school website.

Implementation, monitoring and review are the responsibility of our Senior Leadership Team and our governors who have agreed and published this policy which sets out our priorities and supports these with specific and measurable objectives.

We will report annually on the policy and analyse whether our policy and related objectives have furthered the aims of the general equality duty and in particular educational outcomes for all within our school community with reference to the protected groups.

Appendix A: Key legislation

Equality Act 2010

Equality Act 2010

Harmonises and streamlines existing equality legislation into one Single Act.

The Act protects pupils from discrimination and harassment based on 'protected characteristics':

- Age
- Disability.
- Gender reassignment.
- Marriage and civil partnership
- Pregnancy and maternity.
- Race.
- Religion or belief.
- Sex.
- Sexual orientation.

The Act also contains positive action provisions which enable schools to take proportionate action to address disadvantage faced by particular pupils. Such action could include targeted provision, resources or putting in place additional or bespoke provision to benefit a particular disadvantaged pupil group.

The Public Sector Equality Duty commenced in April 2011.

There are exceptions to enable single-sex schools to admit only pupils of one sex and for schools with a religious character to enable them to have admissions criteria which give preference to members of their own religion.
