PROSPECTUS

Al-Ashraf

Secondary School

For Girls

INTRODUCTION

Dear Parents,

Assalamu'alaikum wa Rahmatullahi wa Barakaatuhu,

May I take this opportunity to welcome you to Al-Ashraf Secondary School for Girls, established in 1994 by the Gloucester Muslim Welfare Association Ltd. (GMWA)

(The school name was changed from Gloucestershire Islamic Secondary School for Girls to Al-Ashraf Secondary School for Girls in 2010. Likewise, the school proprietorship was transferred from GMWA to Al-Madani Educational Trust.)

May Allah (SWT) reward you for showing concern for your daughter's education and Islamic welfare; a parental duty assigned to us by none other than our Creator, Allah (SWT).

"O you who believe! Save yourselves and your families from that fire (of the hereafter) whose fuel is human beings and stones" (Al-Qur'an: Surah Al-Tahrim 66:6)

Our beloved Prophet, Rasulullah (sallallahu alaihi wa sallam) has also reminded us,

"Beware! Each one of you is a shepherd and each one of you shall be questioned concerning his flock; a leader is a shepherd of his people, and he shall be asked concerning his flock; and a man is a shepherd of his household and he shall be asked concerning his flock; and a woman is a shepherd of her husband's house and over their children, and she shall be questioned concerning them." (Bukhari and Muslim)

Since its humble beginnings, *(established in 1994 with two classes, Year's 7 & 8 and 36 students)*, Al-Ashraf Secondary School for Girls has developed into a successful secondary school providing a high standard of secular and Islamic education. Our GCSE results have continued to improve over the years and have been consistently well above local and national averages. An excellent achievement for a non-selective school!

From Sept. 2016 we introduced a new KS3 assessment and progress monitoring, tracking and reporting system produced by Scholastic. (STEPS). This allows SMT and staff to monitor the progress pupils more closely and keep parents better informed.

Our curriculum (both secular & Islamic) is broad and balanced and continues to evolve to meet the needs of our pupils' linguistic, mathematical, scientific, technological, human and social, physical and aesthetic and creative education.

In addition to academic progress, safeguarding of pupils is taken seriously. We have a nominated safeguarding officer and all staff receive regular safeguarding training. The following policies & procedures are embedded within the curriculum and consistently promoted through assemblies:

- Safeguarding
- Anti-bullying
- E-Safety Policy
- First Aid Policy
- Health & Safety Policy
- Healthy Eating Policy

We also aim to develop our pupils' confidence and self-esteem through a range of activities such as Citizenship Day, Curriculum Enrichment week, debating and public speaking skills, school choir, presentations, etc. All Year Groups are required to take part in whole school assemblies based on a wide range of interesting topics.

Our Islamiat Curriculum (*see section on Islamiat Curriculum*) covers a broad range of Islamic subjects using textbooks in English taught by qualified Mu'allimaat/*Aalimaas*. (Female Islamic scholars). We are hopeful, Insha-Allah, that five years of extensive study of various Islamic sciences will give our students confidence in Deen and a sound understanding of Islam, based on respect and tolerance for all, regardless of faith and culture and a firm commitment to:

- British values of democracy
- the rule of law
- individual liberty
- mutual respect and tolerance of those with different faiths and beliefs.

This is embedded into the curriculum and actively promoted through PSHE/Citizenship, RE, Islamiat lessons and assemblies. Actively promoting British Values also means challenging pupils, staff or parents/carers expressing opinions contrary to fundamental British Values, including 'extremist' views.

Over and above formal teaching, assemblies are used to build strong moral & spiritual foundations, develop positive thoughts, promote respect for authority and foster a deep sense of love for Islam as a complete way of life. We are also committed to the social and cultural development of our pupils. Pupils are also encouraged to contribute to the lives of those who live and work in the locality through charity work, Citizenship lessons and Citizenship Day.

The school also strives to provide a warm and caring atmosphere for all students, irrespective of their cultural background so that our students appreciate the universal aspect of Islam. The school has an Anti-Bullying Policy and bullying in all its forms is taken very seriously.

We aim to deliver teaching in stimulating and challenging ways, settings tasks and goals that are achievable to all. We acknowledge and actively encourage all abilities within the school. Our target is to continuously assess and positively reward the effort and progress made by our pupils.

We have high expectations of our pupils not only in academic excellence but also in standards of behaviour and character, both inside and outside school. We hold the highest expectations from our pupils and hope and pray they will move on and become priceless assets for society at large. We also hope to equip our pupils with skills to confidently accept the challenges of today's changing world.

Finally, parents are reminded of the need to provide a caring, supporting environment at home, ensuring your daughter(s) cooperate with all school rules & policies, complete all homework adequately and revise for tests/end-of-year exams. This will make the school's task much easier, Insha-Allah. We also value parental feedback and suggestions, as this is how we can improve our services.

May Allah (SWT) grant your daughter an enjoyable & successful time at Al-Ashraf Secondary School for Girls. Aameen.

O our Lord! Bestow us the coolness of our eyes from our spouses and our children and make us leaders of the pious. (Holy Qur'an, Surah Al-Furqaan – 25:74)

Wassalamu'alaikum w.w.

Mufti Abdullah Patel
Head Teacher

Aims & Objectives

- Provide high quality secular/Islamic education, which is broad, balanced and applicable within the requirements of the National Curriculum.
- To provide a rich and rewarding environment, necessary for the development of pupils' thoughts, habits and Islamic identity.
- To develop the 'whole' personality of pupils based on commitment to their faith & to British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs.
- Providing opportunity for each pupil to develop and reach their full potential through the teachings and practice of Islam, so to enforce confidence in their identity as young Muslims.
- Support the acquisition of general knowledge and skills, so to enhance personal growth and confidence.
- To promote dignity of each student by teaching self-respect, respect for staff, parents, elders and all sections of society, through the development of maturity and high morals.
- Aid and assist each pupil to comprehend the complexity of the world in which they live and that their own well-being is closely connected to the well-being of others.
- Ensure they enjoy their life at school, and develop a love for learning, and the strong desire to continue their education as a lifetime experience.
- To acquire a moral attitude to life through conscientious awareness (Taqwa) and practise of Divine Guidance in all their affairs and transactions.

Fundamental British Values

Al-Ashraf Secondary School for Girls understands and strives to fulfil its legal duty to actively promote the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs as per section 78 of the Education Act 2002.

Through the provision of embedded SMSC within the curriculum, assemblies and school policies, Al-Ashraf Secondary School for Girls:

- Enables students to develop their self-knowledge, self-esteem and self-confidence;
- Enables students to distinguish right from wrong and to respect the civil and criminal law of England;
- Encourage students to accept responsibility for their behaviour, show initiative, and to understand how they can contribute positively to the lives of those living and working in the locality of the school and to society more widely;
- Enable students to acquire a broad general knowledge of and respect for public institutions and services in England;
- Further tolerance and harmony between different cultural traditions by enabling students to acquire an appreciation of and respect for their own and other cultures;
- Encourage respect for other people; and
- Encourage respect for democracy and support for participation in the democratic processes, including respect for the basis on which the law is made and applied in England.

The list below describes the understanding and knowledge expected of pupils as a result of promoting fundamental British values.

- An understanding of how citizens can influence decision-making through the democratic process;
- An appreciation that living under the rule of law protects individual citizens and is essential for their wellbeing and safety;
- An understanding that there is a separation of power between the executive and the judiciary, and that while some public bodies such as the police and the army can be held to account through Parliament, others such as the courts maintain independence;
- An understanding that the freedom to choose and hold other faiths and beliefs is protected in law;
- An acceptance that other people having different faiths or beliefs to oneself (or having none) should be accepted and tolerated, and should not be the cause of prejudicial or discriminatory behaviour; and
- An understanding of the importance of identifying and combatting discrimination. It is not necessary for schools or individuals to 'promote' teachings, beliefs or opinions that conflict with their own, but nor is it acceptable for schools to promote discrimination against people or groups on the basis of their belief, opinion or background

During the year, various types of rewards are awarded to pupils and at the end of the school year, we have an annual prize giving ceremony where individual pupils are rewarded prizes for Effort and Achievement in both secular and Islamiat subjects.

1. Sanctions

Maintaining good discipline is a key priority of the school and the school requests parents to co-operate by ensuring that their daughter is aware of the school rules and endeavours to abide by them. Please discuss the consequences of breaking school rules. The school's Disciplinary Policy is enforced swiftly in the event of non-compliance with any rules, particularly rude and disruptive behaviour. Please see the attached copy of **SCHOOL RULES**

2. Order Marks

An Order Mark may be given in Years 7 – 11 for various reasons, e.g. late homework, incorrect uniform, wearing jewellery, being rude, etc.

3. Detentions

5 Order Marks = 1 Detention

or a Detention may be given outright for serious disciplinary issues at the Head Teacher's/ Deputy Head's discretion.

First 3 lates = 1 Detention – 30 mins. Any future Lates after the first detention will mean an outright detention every time.

Continuous Lates after this (= 2 further lates) = 1 hour detention for each Late.

Any further breaches of the school rules after a timetable suspension will result in suspension from school.

4. Suspensions

Pupils returning from suspensions of any length may be put on **Report** for at least one week. The pupil will be monitored on behaviour/classwork/homework during every lesson. At the end of each lesson, the **Report** is filled and signed by her teacher, then checked by the Deputy Head at the end of the school day. Finally the **Report** must be shown to parents and signed by them. At the end of the week it will be forwarded to the Deputy Head & Head Teacher for further action they may take. Re: Language & Basic Aptitude Test

Dear

Date

A.W.W.

Al - Ashraf Secondary School for Girls is a non-selective school and therefore does not admit pupils on the basis of ability.

We do expect however, that all applicants have a basic understanding of English, both in speaking and reading, as this is essential for progress in all subjects.

Therefore, in the case of overseas applicants having only recently arrived in the UK with limited knowledge of English, we operate a basic Entrance Test to assess the applicant's language skills. This is necessary as the school does not have access to professional language support available to state schools and therefore regrettably, is unable to accept such students.

As this is a formal written test, we charge a non-refundable administration fee of £20.00 payable in advance. In some cases we may ask pupils to sit a Basic Aptitude test in English, Maths and Science. There will be an additional, non-refundable charge of £30.00 for this. Both types of tests must be paid in advance by cash or transfer via internet banking only. A receipt will be given for the amount paid.

You will be notified of our decision soon after the test.

Yours sincerely,

Mufti Abdullah
